

One of the most competitive firms in the field of pure water system design and engineering

***Total Water Solutions Provider***

## Who We Are

**MTI Water Technologies, Inc.** is a dedicated water treatment solutions provider who aims to bring cost-effective services to the Philippine Industrial market. Our company is strategically located in a rapidly developing region where demand for water treatment system is its peak due to stricter government enforcement and regulations. We assembled a team of expert who bring a wealth of experience to our company that will assure our services are of the highest quality while offering it at a competitive price. Our personnel have a strong background in working in various manufacturing industries and are well-poised to understand the need of our customers.

The combination of products that we supply and services we offer lets us provide clients a full package solution for all their water treatment needs.

## Vision

- Uphold standards of international recognition to provide quality services and solutions.
- Promote membrane technology that is well known to be eco-friendly and best-in-class treatment systems.
- Establish a customer-centered work culture that will provide solutions primed for sustainability and cost-effectiveness.
- Lead in technological innovation and be internationally competitive in the field of water treatment.
- Provide personalized and responsive technical support to our clients to minimize interruptions on their operations.
- Be an environmentally-focused company that will ensure every product is compliant to all regulations and standards required by our clients.

*MTI takes pride in what it has accomplished in a short period of time. Anchored by the thrust to further strive and improve the company, it assures its clients the best quality product and service that is globally competitive.*

## Mission

"To be a Premier Water Treatment System Provider in the Philippines and eventually expand into emerging and developed markets by establishing our presence globally."

## Core Values

- PERSISTENCE
- CONTINUOUS LEARNING
- DYNAMISM
- PRODUCTIVITY
- DRIVE FOR EXCELLENCE
- INTEGRITY
- OPENNESS
- TEAMWORK
- STRONG SENSE OF RESPONSIBILITY

# What we offer:

## Our System

	Media Filtration	Softening	Ultrafiltration	Reverse Osmosis	Ion Ex- change Resin	CEDI	MBR
Removal of suspended Solids	√		√				
Removal of Heavy Metals					√		
Removal of water taste and odor	√		√				
Removal of hardness		√		√	√	√	
Recycled Water Recovery	√		√	√	√	√	√
Clarification	√		√				√
Removal of Salts		√		√	√	√	
Demineralization				√	√	√	
Reduction of water scaling factor		√		√	√	√	
Removal of Ammonia					√		
Waste Water Processing	√		√				√
Production of Make-up Water		√		√	√	√	
Desalination				√			
Production of Non Conductive Water				√	√	√	
Production of Ultrapure water				√	√	√	

## What we offer:

### Our Product

#### Filtration Media

- Activated Carbon
- Anthracite
- Silica Sand
- Pebbles
- Manganese Greensand
- Birm
- DMI

#### Ion Exchange Resin

- Cation Resin
- Anion Resin
- Non-regenerable Resin

#### Membrane filter

- Reverse Osmosis (RO)
- Ultrafiltration (UF)
- Nanofiltration (NF)
- ED Paint
- Membrane Bio-Reactor (MBR)

#### Instrumentation

- Flowmeter
- Conductivity/Resistivity Meter
- pH meter
- Pressure Gauge

#### Test Kit

- Hardness, Silica, Chlorine, etc.
- Cleaning Chemicals
- FRP / Storage Tanks
- Filters Cartridge
- Valves, Spareparts, etc

### Our Services

- Preventive Maintenance
- RO / UF Membrane Replacement
- Diagnostics and Troubleshooting
- Media /Resin Replacement
- Membrane /Degasifier Cleaning
- Upgrading and Rehabilitation of existing System
- Plants Audits
- Resin/Water/Activated carbon Analysis
